# Setting up aTouchAway on a smartphone or tablet: Apple iOS version

1 On your iPhone/iPad, go to the App Store. Type'**aTouchAway**' in the search box. You should see the **Aetonix aTouchAway** app.
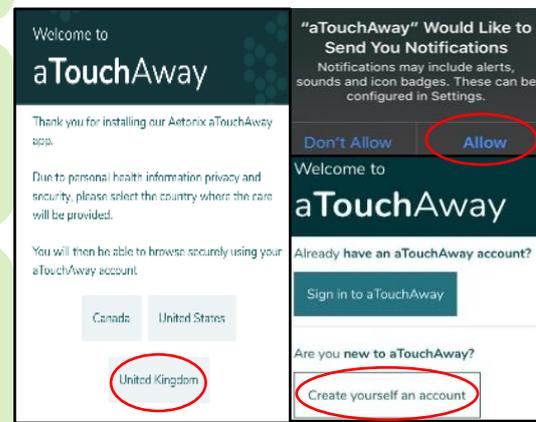

2 Click the download icon. You may need to enter your Apple ID and password.

3 Once installed, you should see the icon on your home screen. Open the app.
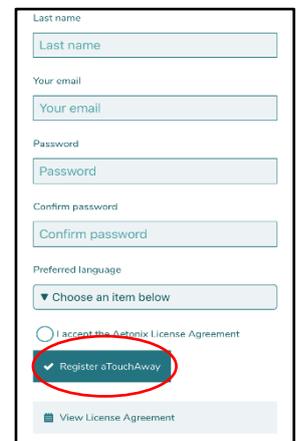

4 Select '**United Kingdom**'and '**Allow**' aTouchAway to send notifications. On the next screen click **'Create yourself an account'**.

5 Fill in the Registration Form. Accept the Aetonix License agreement and click **'Register aTouchaway**'.
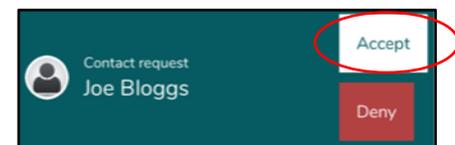

6 Next, tell the ward staff your registered email address so they may add you as a contact.

7 They will send you a contact request in the aTouchAway app. This will appear on your home screen. Please accept the request.

You are now set up and ready to video call!

8 Incoming calls will originate from 'Tablet number''Hospital' as shown here. Press the Green button to accept the call.
